8th Wonder

Milford Sound is often touted as the eighth wonder of the world, but we believe New Zealand is worthy of that title. Whether it's incredible glaciers or the white stone buildings of Oamaru (coincidentally the place where our beautiful woollen yarn is made), 8th Wonder carpet is inspired by the colours of New Zealand. It's manufactured using our locally grown wool in a chunky construction that provides both beauty and comfort underfoot. Its sophisticated, honeycomb pattern creates a distinct texture that will not show tracks, making it an inspired selection for high traffic rooms.
